Five-module course map

Module	Active evidence to produce
1. legal institutions	Explain the central idea, complete an application, diagnose one plausible error, and connect it to the next module.
2. contracts	Explain the central idea, complete an application, diagnose one plausible error, and connect it to the next module.
3. torts and liability	Explain the central idea, complete an application, diagnose one plausible error, and connect it to the next module.
4. business organizations	Explain the central idea, complete an application, diagnose one plausible error, and connect it to the next module.
5. employment regulation and ethics	Explain the central idea, complete an application, diagnose one plausible error, and connect it to the next module.

Reliable learning method

identify jurisdiction and issue, separate facts from assumptions, locate authoritative rules, apply elements, analyze counterarguments, and state uncertainty

Representative application

Analyze a contract dispute by organizing formation, terms, performance, defenses, remedy, and ethical considerations.

Weekly study cycle

1. Preview the objective and write two questions. 2. Attend or engage and capture decisions rather than every sentence. 3. Reconstruct the main idea within 24 hours. 4. Complete independent practice. 5. Analyze the first unsupported move on each error. 6. Use feedback. 7. Schedule a delayed mixed recheck.

Self-check before moving on

Can you explain the idea without notes, complete a fresh task, detect a near-miss, verify the result, and state a limitation? Watch especially for: treating a summary or moral intuition as legal advice without jurisdiction, authority, facts, exceptions, and professional review.

What to save

an issue-rule-application analysis with sources, counterarguments, remedy, ethics, and disclaimer
